Brighten Up the Corners--with Chi-Namel

The Chinese Oil Varnish Made in Natural (Clear) and Colors

Cheapest by the year-because it outwears all other varnishes on floors, stairways, doors, wainscoting, casings, furniture, etc.

Cheapest by the yard—because a gallon covers one-third more surface than any other varnish.

Cheapest by the day—because it takes a third less time on the part of workmen to brush it upon a given surface.

The reason is, it is made of the best material that makes varnish, is not adulterated with either rosin or benzine, and possesses, by a special process of treating Chinese Oil, a toughness, elacticity and water resisting quality impossible to obtain from

You can hammer it, scratch it or boil it; it will neither turn white nor lose its gloss.

Best for new buildings; best for old ones. For furniture or any wood or metal surface.

of quality as heretofore is maintained at this store. Prevailing conditions have forced a change in prices but not in quality.

We believe our customers want the same grades of merchandise that we have always aimed to give them, and they know that unusual conditions, scarcity of materials and the high cost of labor have made it imossible for the manufacturer to produce goods at armer figures, and that we, naturally, must "pay the rice" and in turn must ask a higher price on practically all our lines.

We will continue to carry well known brands, stamped with the maker's name (proof of a "quality standard") which is your assurance of satisfaction and the same high grade service as heretofore.

Our reputation will always be a guarantee of reliable goods and honest values.

FT YOUR CORES OFF WITH FINGERS.

Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surround-ing tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or harden-ed callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for

new and very fine.-Reid Bros. Agil 26th.

We notice that some of our Fulton County farmers— even the men who grow a big surplus of alfalfa—are now importing alfalfa hay by boat. There's nothing unusual about this except the little object lesson. Car after car of alfalfa was shipped from this county last fall at \$9 a ton and the hay is now coming back at \$25 a ton. Who makes the and the hay is now coming back at \$25 a ton. Who makes the money on hay?

There is little or no change in the war situation since last week, so far as the United States is concerned. Heavy firing was reported off the Atlantic coast yeared and advice of others reaching them through the medium of the farmer to solve the question of seed, soil, rotation, drainage, breeding fruits etc., which Mr. Gordon may be able to answer for you. Don't heaitate to ask him.

Too Many Operations

The Right Medicine in Many Cases Does Better than the Surgeon's Knife. Tribute to Lydia E. Pinkham's Vegetable Compound.

Doctor Said Operation or Death-But Medicine Cured.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and had me try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. Blanche Jefferson,703 Lyon St., Des Moines, Iowa.

Another Operation Avoided.

Richmond, Ind.—"For two years I was so sick and weak from female troubles that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, do all kinds of garden work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound."—Mrs. M. O. Johnston, Route D, Box 190, Richmond, Ind.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this, but the above letters, and many others like them, amply prove that many operations are recommended when medicine in many cases is all that is needed.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

USING WHEAT FOR HOG FEED

Information of Much Value Obtained in Experimental Work Carried
On at Missouri College.

(By L. A. WEAVER, Missouri Agricul-tural Experiment Station.)

The Missouri agricultural experiment station has obtained information of value to pork producers, especially in seasons when the corn crop is short, by carrying on experimental work with ther crops grown on the farm. By conducting feeding trials with wheat it has been shown that under some itions wheat may well be used for nog feeding instead of corn. Results btained show that when corn is worth 70 cents or more a bushel, wheat may be profitably substituted for corn, if the wheat is worth 90 cents or less. Likewise if corn is worth 80 cents per bushel, wheat is worth \$1.03 a bushel as hog feed.

It has been further shown that pork may be produced more cheaply by adding a small amount of tankage to a mixture of corn and wheat than by feeding these feeds without such a

For example, the cost of producing 100 pounds of pork with corn and tankage was 60 cents less than when corn alone was used. This would mean an additional profit to the producer of \$100 or more on each carload

The results of these tests are reported in full in Bulletin 136 entitled Feeding Wheat to Fattening Hogs, published by the Missouri agricultural experiment station.

WHITEWASH ABOUT THE FARM

Recipe Given by Nebraska College of Agriculture—Great Help in Destroying Insects.

For general use about the farm buildings to assist in destroying insects, the following recipe for whitewash is offered by the Nebraska College of Agriculture: Slake five quarts of lime with hot water to about the consistency of cream. To this add one pint of zenoleum or some other coal-tar product, and one quart of kerosene. Dilute with about its volame of water; apply with a brush or a pump. This solution when properly applied accomplishes three things: (1) Zenoleum acts as a disinfectant by killing disease germs; (2) the kerosene aids in destroying mites; and (2) the lime whitens the house

METHOD FOR CLEARING LAND

Combination of Blasting and Stump

sity of Wisconsin. As a result of experiments with stump pullers and dynamite working together on the university's demon-stration tour, the University of Wisconsin has discovered that the best method of clearing land is a combination of blasting and stump pulling. The stump puller people admitted that time, labor and money could be saved by first loosening the stumps by blasting before pulling them, and the powder men admitted that a similar sav-ing could be effected by having a stump puller complete the job after a comparatively light charge of pow-der had done its preliminary, preparatory work on the stump.

KEEP WHEEL FROM RATTLING

New Process Provides an Expander Belt for Purpose Which is Fitted Into Wheel Rim.

A new method has been devised to stop a buggy or wagon wheel from rat-tling. Instead of having the blackremove a tire and shrink it on ngain to compress loose parts, the new process provides an expander bolt for

the purpose. A section of the felly is cut out in order to give necessary room for this expansion. With a tire already in place, the bolt is turned, fouring the wooden rim tight against the outer steel hoop. As a result all lecesoness in the rim is taken up.—Popular Machanian

OVERFEEDING ON GREEN FOOD

Treear to Permit Accumulated
Gas to Escape.

Hoven or bloat is a drumlike swelling of front hip, left side, the result of everfeeding on green food or wet clover. The proper cure is an incision with a cattle trocar, relieving the accumulated gas. If the disease is not properly and promptly attended to your cow will die.

Class Alfalfa Hay,- W. t. West Hickman

GROCERIES

from the growers for from \$2.25

to \$2.50 a bushel (sixty pounds.)

This amounts to less than five cents a pound.

The soy bean belongs to the class of food usually known as legumes. This class includes also navy beans, peas, cowpeas, len-tils, peanuts and others. All the legunes are very rich in protein, an important body building material. The soy bean has more protein than any of the others. in composition it resembles the peanut more than the others because it enotains a larger amount of fat. In other words, it is a fatty legume rather than starchy legume. This fact should be kept in mind in cooking it. Soy beans can be satisfactorily baked without the addition of pork or other fat.

When soy beans sell for 15 cents a quart, 10 cents' worth will supply over five ounces of protein. When beef, of average composition, sells for 20 cents a pound, 10 cents worth will supply a little over an ounce of protein. The protein of beef is to be sure, better utilized by the body than the protein of the legumes, but even after allowance has been made for this fact the soy bean s, at present prices, a very economical source of protein.

ESTRAY NOTICE.

Joe Kennedy, of Hickman, Kenowned by C. P. Linder, was takhalf mile east of Shuck Switch, near J. M. Roper's in Fulton county, and he states further that he has not changed, defaced any marks or brands on said animal, and affiant further states that said animal is of the value of \$30.00.-Joe Kennedy.

NEWS OF THE WEEK FROM OVER THE WORLD.

MISCELLANEOUS.

A school for munitions workers, army and navy mechanics, signal corps, ordnance and prospective officers has been added to the curriculum of the University of Kansas.

Rumors of raiders and submarines have been received in a report of an Argentine sailing vessel, Pampas, having been destroyed by a German submarine off the coast of Brazil.

Many foreign steamers, including five American, are held at Buenos Aires because of the presence of two German raiders just off the South American coast.

An army of 210,000 boy scouts has signed up to raise gardens to feed the nation at war.

Edward Arnreim, at New Brunswick, N. J., got mad when someone stole an American flag he had hung out, so he painted one on his home. Arnreim was born in Germany.

Brooding over the entrance of the United States into the war with Germany, his fatherland, Richard Geibel. veteran clerk in the offices of the C. A. at Bloomington, Ill., shot and killed himself.

CRIMINAL.

Fritz Kolb, a German convicted of having bombs in his possession, was entenced to five years in the New Jersey penftentiar.

The bank of Garvin, Ok., was robbed by a lone bandit who made good his escape with \$800 after running the customers out and locking the cashier in the vault.

Three negroes were electrocuted at the Oklahoma state penitentiary. They were Willie Williams, Charles Young and Chester Taylor, all guilty of murder.

CONGRESSIONAL.

Chairman Padgett of the house naval committee, has introduced a bill extending the rights of citizenship to all aliens who serve one year or more in the naval reserves.

With the approval of Attorney General Gregory, Congressma Webb has introduced a bill to permit the allied governments to recruit their own citizens now in this country.

A joint resolution authorizing the president to call for 1,000,000 volunteers was introduced in the senate by Sherman of Illinois.

PERSONAL.

Judge E. M. Becker, the instigator of the referendum vote at which Monree, Wis., declared against the war.

Horace J. Seymour, third secretary of the British embassy, and Miss Violet Erskine, daughter of the late Thomas Erskine, British consul-general at New Orleans, were wed at the

COURT PROCEEDINGS. The supreme court has affirmed the

decision of the West Virginia and Rhode Island courts in quashing the indictments against alleged conspirators to corrupt the 1914 congressional

William P. McQuade, superintendent of Indiana Creek mine, the largest producing mine in the state, was fined \$500 and costs for failing to provide his men with a free wash

NECROLOGICAL.

Representative Henry T. Helgesen of North Dakota, Republican, died of appendicitis, it was announced at the capitol. He had been ill several days. Mr. Helgesen was a native of Iowa.

Richard Olney, 83, statesman, once secretary of state and always a noted student of international law, is dead at his home in Boston.

COMMERCIAL.

The unfilled tonnage of the United States Steel corporation March 31 was 11,711,644 tons, an increase of 134,947 tens over the previous month, and breaking all previous records.

ACCIDENTS.

Three men were killed and nine is pared at the plant of the Goodyear Rubber Company when an elevator dropped three floors to th basement.

John Deering, 45, a New York business man, was killed by a stray bullet fired by John T. Kelly, a guardsman, who said he shot at a tramp.

American capitalists have submitted a proposition to the Russian government for the construction of 800 miles of railway from the Sea of Asov to Mescow at a cent of nearly \$173,000,000.

ng the su

England, but pledging undying loyalty to the United States, were adopted at a New York mass meeting held to mark the first anniversary of the Irish rebellion.

GENERAL.

There is a strong sentiment in the Michigan legislature to pass a law making Michigan dry May 1, 1917, instead of May 1, 1918.

The 63 unidentified bodies of the Eddystone ammunition plant disaster -charred and mangled beyond recognition—were buried at a great com munity funeral.

Chicago storekeepers and a hospital have reported to the police that they purchased tubs purporting to contain 40 pounds of butter, but found there were but one or two inches of butter and the rest was sand.

Unusual action has been taken at Hull, Eng., in summoning the customers of Sunday shops on the charge of aiding and abetting Sunday trading. Dr. Alexis Carrel, the eminent phy-

sician of the Rockefeller Foundation. predicts the war will last 50 years. Five hundred persons at a Canton (O.) meeting to protest concerning military service hissed the chairman

when he attempted to close the session with singing "Die Wacht am Suffragists threaten to post sentinels in New York to discourage girls who are willing to wed "slackers" to

prevent them from being drafted into military service. Bishop Theodore S. Henderson is sued an order to the 870 Methodist Episcopal preachers in the Detroit district to display the Stars and Stripes in every Methodist church for

the duration of the war. Joe Stecher, supposed to be champion of the world at the wrestling game, lost his title in two falls to Earl Caddock, an lowa farmer boy, who has long been the champion ama-

Miss Jeanette Rankin, who voted in the American congress in opposition to her nation entering the European war, has been forgiven by the French

At a meeting of the Chicago Ad club, attended by Herbert F. Houson, president of the Associated Advertising Clubs of the World, the members pledged themselves to live up to the slogan, "Carry the flag, do not follow it."

WAR BREVITIES

The Salvation Army has decided to offer its entire resources to the government for use against Germany, with \$50,000 for preparation work.

The Michigan senate has adopted an amendment to the \$5,000,000 preparedness bill providing that the state shall insure each of its soldiers for

Chicago postmen have petitioned the government for the honor of enlisting in a regiment to be commanded by the Hon. James Hamilton Lewis. Cincinnati recruiting officers are looking for a big rush to the colors. Three lovely actresses have volunteered to kiss all the men accepted.

A. B. Hall, a Detroit attorney, who says he is "too old and fat to enlist," is paying \$50 per month to the family of a young man who took his place. Several pretty young women at St.

Paul are wearing small flags on their silk stockings just above the shoe teps. "Slackers" "followed the flag." The Ohio Valley Pulley Works, at Maysville, Ky., has given notice that every man enlisting in the army will be given \$30 and his position again upon his return.

Federal agents declare that further investigation brings to light more evi- Clarence Wrady spent Sunday dence of German "arsenals" in Cleve with Rob Howard -Mr. and Mrs. land. In raids on a few homes about 200 guns and much ammunition was destroyed.

The Russian provisional government has decided to place a contract in the United States for 40,000 railway cars and 2,000 locomotives, to belivered by July, 1918.

A call for veterans to compose a brigade to be offered to the government for war service has been issued by Maurice Simmons, past command-er of the Veterans of the Spanish

LABOR.

Twenty-two Colorado coal com panies are to grant increases of approximately 10 per cent May 1.

WHAT IS

A DIGESTIVE LAXATIVE CATHARTIC AND LIVER TORE LAX-Fos is not a Secret or Patent Medi-cine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK BLUE FLAG ROOT RHUBARB ROOT BLACK ROOT MAY APPLE ROOT SENNA LEAVES

AND PEPSIN
In LAX-Fos the CASCARA is improved by
the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not
only as a stimulating laxative and enthartic but also as a digestive and liver tonic.
Syrup laxatives are weak, but LAX-Fos
combines strength with paletake, aromatic taste and does not gripe at disturt
the stomach. One bottle will prove
LAX-Fos is invaluable for Constitution,
Indigestion or Torpid Liver. Price Soc.

CALOMEL SALIVATES AND MAKES YOU SICK.

Acts like Dynamite On a Sluggish Liver And You Lose A Day's Work.

There's no reason why a p son should take sickening, salivat ing calomel when 50 cents buys a large bottle of Dodson's Liver Tone-a perfect substitute for cal omel.

It is a pleasant, vegetable liquid which will start your liver juet as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a harmless drug. It is mercury and attacks your bones. Take a dose of nasty calo sick and nauseated tomorrow. mel today and you will feel weak, Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you. Advt. for you.

urday in Chicago.
Gov. Stanley has signed the Oliver Tax Bill, creating two new offices with fat salaries, and the scramble for the places is already on, one of each party.

The saying that rain on the first day of the month is sure to

give rain on fifteen days in the give rain on fifteen days in the month is not borne out by records kept at this station. During eighteen years, rain has fallen on the first day of the month seventy-three times. Of these, but twelve times has the old saying proved true, while it missed in sixty-one instances. Surely this would be enough to prove the old prophecy a fallacy.—Caruthersville Argus.
